<p>Committee Roles and Assignments</p>	<p>The President outlined the assignments / responsibility areas to the Committee Members. (Attached.)</p> <p>Some discussion on what materials Shed should be buying for NON PROJECT use. It was agreed that Shed should only procure general consumables. Committee expressed confidence that Procurement Officer is managing individual requests appropriately and within guidelines of Committee.</p> <p>Need to reiterate to Members that they should expect to supply all materials to their own projects. Materials in stock (via donation or project surplus) are available to individuals, but should be used modestly – shared.</p>	<p>Shed Session Leaders. Committee</p>
<p>Shed Session Leader Roster for 2019</p>	<p>All 2018 Shed Session Leaders confirmed their availability for 2019 year. Roster will be published accordingly. Secretary</p>
<p>Potential Shed Name Change</p>	<p>The establishment of the 'Brighton Bayside Men's Shed Inc.' created a concern there may be confusion between the Brighton Shed and our 'Bayside Men's Shed Group Inc.'. Following discussion on the potential for confusion and the effort / costs of changing our name, it was decided to leave name as-is and re-assess the situation in 12 months.</p>	

<p>Potential Shed Credit Card</p>	<p>It was agreed that the Shed should not expect Members to fund ongoing regular expenses via their personal credit cards.</p> <p>It was agreed to establish a controlled credit card facility with Bendigo Bank, Beaumaris for Shed use. Card limit would be set very conservatively to allow expected months expenses plus the typical monthly consumables purchased by Procurement Officer.</p> <p>Any other items would be handed in current manner.</p>	<p>Treasurer</p>
<p>Other Business</p>	<p>Table Router update: Charlie Rosa reported that the Router Table was now back in action:</p> <ul style="list-style-type: none"> • Warranty replacement lift table installed • New router motor installed <p>Thanks to Alan Holliday for his efforts too.</p> <p>Charlie reiterated that we need to establish tighter constraints of the USERS of the Router Table. A number of users have minimal knowledge and are a danger to themselves as well as other members AND to the machine.</p> <p>Separate training and accreditation should be established for Table Router.</p>	<p>Charlie Rosa and David Hill</p>
<p>Next Meeting</p>	<p>A calendar of proposed 2019 Committee Meetings to be finalised and published. Tentative dates are : mid April Mid July Late November (with AGM following on same day)</p>	<p>Secretary to finalise.</p>
