Equipment Sub Committee Report 4/10/22

From.. Charlie Rosa Convener

Don McDonald, John Parkinson, Allan Holliday, Jeff Dickens

Since our last meeting we have been able to put our Vertical Oscillating Sander into service in the machine room. Feedback from members to date has been quite positive. We needed to remove one of the small combination sanders to storage for the time being until some extra space is created with expansion into the old kitchen area.

Our decommissioned stroke sander which is currently in storage is on the market for sale and we are waiting to hear back from prospective buyers.

We do not have room now for any more larger pieces of equipment and I have included our current wish list for information.

TOOL WISH LIST

This list is in no particular order.

- 1. Benchtop Morticer.....\$500
- 2. Tool Sharpening System.....up to \$1250
- 3. Ryobi One Trim Router......\$200
- 4. Large Scroll Saw......\$1000

Quiet Activities Sub-Committee Report 4 October 2022

Convener: Rob Carseldine

Members: David Hill, David Merrick

Activity :

Item :	Topic:	Discussion :	Status and/or Action:
1	Quiet Activities in the Wells Shed	Routine use of the Wells Shed continues for signing in/out, morning teas and weekly lunches, informal social interaction, TV viewing (entertainment and instructional) and formal presentations.	QA Sub-committee to consider and recommend additional activities to better utilise the Wells Shed facility following on- going renovations and the formal opening ceremony in November.
		The Wednesday – Gamesday remains popular mainly for pool. Attendance numbers each week vary. The Monday 500 Cards afternoon has been less well attended, though thoroughly enjoyed by the participants.	
		Aside from these activities the Wells Shed facility is somewhat under-utilised. Some thought is needed on additional regular or periodic activities that support the Shed's objectives, to improve men's health, well-being and social inclusion.	
2	Wells Shed Duty Officer Roster	Following installation of the door bell system the Wells Shed Duty Officer rostering system was simplified and changed from 12 September to a regular weekly schedule with nominated back up members. Aside from some minor teething problems the new system is working well so far. At date of this report (29 September) BCC have yet to complete installation of all internal door locks and rear door lock.	No further action.
3	Wells Shed Door Bell	Work done by members to install the new door bell system is very much appreciated.	No further action.

4	Formal Opening of Wells Shed	Work is in train led by the President.	This is no longer a Quiet Activities item.
5	Library	Work is continuing by the Facilities Sub-committee on renovating the Wells Shed library room. This work needs to be completed before the Opening Event on 8 th November. Some locks on the fixed cupboards are desirable for secure storage of valuable items.	Further action is pending completion of work needed in the Wells Shed library room.
6	Computers, Internet and Modern Technology	No change since August Committee Meeting. Facilities for use of Shed computers need to be established in Wells Shed. Opportunities for education of members in modern technology need to be considered further as part of the quiet activities. There has been no action on this item since the August Committee meeting due to work on the Library renovation and other priorities.	QASC to take action as time and priorities permit following Library renovation.
